

Streets League Final Success

Street & District Swimming Club proved their premier league mettle in achieving a strong third place finish in the recent Arena League South West Regional B final. Having battled with the likes of Millfield and Plymouth Leander in rounds 1 & 2, Streets inaugural premier league season ended in making the B final against teams from Bournemouth, Wales, and more local rivals Weston-super-Mare and Keynsham.

With injury and illness stripping the boys u-15 team to the bare bones, the task at hand was made even tougher but with sensational swims from some of the club's senior stars, led by individual wins for Beth Newton, Chloe Edrich, Jacob Greenow, Rob Holderness and Ollie Willies provided a platform for the younger swimmers to push on.

Excellent swims from Ruby Varney and Charlie Hill gained further valuable points and a whole host of gutsy performances across the team was rounded off in glorious fashion with a sensational win in the final event, the Mens Open relay.

Street finished a very creditable third in the final, edging out Weston. A spokesperson for the Club said, "This has been a great first season in the premier league. Survival was our priority, so to finish third in the B Final is a real plus. Well done to all the swimmers who took part in the competition, and a huge thank you to all the great supporters that turned out to watch and cheer them on. The atmosphere was electric and really pushed the swimmers to new heights."
