

Street Egg-cell at Easter Meet

Street & District Swimmers once again took to the Millfield pool, for the Exeter & Taunton Easter Meet.

In a highly competitive field Streets Maisie Banwell (pictured) once again underlined her status as one of the regions' top young butterfly swimmers winning Gold (200m), silver (100m) and bronze (50m).

Tegan Lawton swept up an impressive medal haul, 4 Golds (50 breast, 50 & 100 'fly, 200 medley) and 2 silvers (100 & 200 breaststroke).

For the boys, Herbie Hallett took a superb hat-trick of Golds in the 200m breaststroke, 200m and 400m freestyle and heads to the Regionals in fine fettle. Fin Hunter-Clarke bagged gold (200 breast), 2 bronze (50 & 200 back) and agonisingly missed a regional time by less than a third of a second (100 breaststroke). Harvey Pike also bagged silver (50 breast) and bronze (200 medley). Ollie Willies picked up a fine silver in the 50 fly (and new PB) and also bronze in the 50 freestyle, whilst Henry Taswell impressed with four PBs, topped with a bronze in the 50 backstroke.

Not to be outdone big sister Kayla continued her recent fine form to take a fine Silver in the 100m backstroke and post several good PBs, and another silver went to Georgia Hill in the 50m sprint.

Eve Chagger- Goode posted strong PBs in all four of her events, as did Joanna Black and Jessica Hudson who both impressed in the freestyle sprints. More PBs fell to Sisters Ruby (50 free) and Erica Varney (50 back), Chloe Manser (50 back/100 free), Katie Waters (50 breast) and Yasmin Mahey (50 fly).

For the boys, Sam Bonds and Jake Fouracres (50 free), Sean Robinson (50 free/200 back), Bobby Clark (400 free), Alfie Hawkins (50/100/200 back) also set new PBs.

Jessica Edwards, Niamh Robinson, Archie Howard and Charlie Hill all competed, but missed out on sealing further regional qualification

A Club spokesperson said, "This was a high quality field and once again our swimmers demonstrated their potential with a host of medals and personal bests. This will hopefully set some of them up to perform at their best in the upcoming Regional championships."
